

## An Alternative\* & Multi-Asset Class Fund, by Entrepreneurs, for Entrepreneurs, sharing the ambition to Invest for Good

- **Entrepreneurial Management:** Led by serial entrepreneurs with deep operational expertise, our GPs bring entrepreneurial backgrounds; only 7% of GPs share this experience.
- **Acceleration & Operational Support:** We provide hands-on and intensive assistance for the first 6-24 months with our 30 Senior Advisors, mitigating early-stage risks and maximizing investment potential.
- **Exclusive Investments:** We rarely co-invest with VCs. In Series A, we share our investments mainly with Strategic Investors.
- **Aligned Capital Commitments:** GPs and advisors invest 15-20% in the fund, ensuring aligned incentives and shared risk.
- **Focus on Early Stages:** We invest in Seed to early Series A ventures, where 80% of VCs AuM focus on Series A and beyond.

\*Accurafy Advisory (AA) was founded in 2017 in Luxembourg to create and manage investment vehicles. CSSF (Commission de Surveillance du Secteur Financier) registered as an AIFM since inception, AA is to get the authorized status in due course.
